特别舒适

Superior comfort
"088" System innovative construction, which features cantilever seats, offers users superior comfort, even when they are required to wait for extended periods of time.

美观大方

Elegant appearance
"088" System subtle shape gives it both a lightweight and elegant appearance. The elegant look of the system can be further under scored by using high-quality coach hide leather.

保养方便

Elegant appearance
The individual seats, which only need four screws to be secured to the crossbeams, can be replaced quickly and easily if needed.

坚固耐用

Durability
Both the materials used the seat shells are made of polyurethane hard foam and the construction of Eddy are extremely robust and stable, which means that the system can resist the wear and tear than it is subjected to in public waiting areas.

用途广泛

Wide range of uses
"088" System is ideal for all kinds of public waiting areas, such as airports, train stations, hospitals and shopping malls, as well as for the waiting rooms of doctors' offices and similar spaces.
